

# EAPA vouchers

Updated September 2020

Energy Accounts Payment Assistance (EAPA) vouchers can help if you are having difficulty paying your electricity or gas bill. The \$50 EAPA vouchers are distributed to electricity and gas customers by a range of community welfare organisations. The scheme is funded by the NSW Government through the Department of Planning, Industry and Environment

**You should call the organisation first to make an appointment.  
Look online for a full list of organisations which issue EAPA vouchers**
