

Role Description: Drop-In Hub Volunteer

This role requires a volunteer to commit to a regular weekly shift and assist community members accessing the Drop-In Hub.

In all that we do, NNC is committed to social justice and belonging. The primary purpose of the Drop-In Hub is to ensure that anyone who comes to NNC, attends the Service or calls NNC is warmly welcomed and appropriately assisted. The Drop-In Hub is effectively the front door of NNC and many people's first point of connection with us. We treat all people who approach us as welcome visitors.

Enquiries to the Drop-In Hub range from general queries through to complex requests for assistance. We provide community members with referrals to other community organisations or agencies for specialised support. We are not a casework service and give assistance to visitors temporarily rather than an ongoing client-worker relationship. We have a person centred and flexible approach and assist with a range of issues affecting a person.

The Drop-in Hub currently operates from the side entrance of 11-13 Darley St, Newtown, on Mondays, Wednesdays, Thursdays and Friday from 10am to 4pm and Tuesdays from 10am to 1pm. Visitors can also access a computer with free internet and a phone to make free local calls during these times.

On average, the Drop-In Hub receives 5-10 face-to-face enquiries, and 5-10 phone enquiries per shift. Enquiries include issues such as crisis support, financial aid, free meals and affordable food options, homelessness, low-cost accommodation, domestic and family violence, mental health issues, and AOD issues. Each shift is staffed by the Community Connections Coordinator and at least one volunteer. The Service is managed by the Homelessness Services Team Leader and coordinated by the Community Connections Coordinator. It is a requirement that an NNC manager is on site each shift. Volunteers are highly supported and are provided with mentorship and training in their roles as required.
